PIANO TECHNIQUE TOURNAMENT RULES

Technique Tournament is a non-competitive event in which students are critiqued and rated on their technical skills. A student may enter any level. From that level the student is required to play three scales, three matching arpeggios, and one etude. Students may enter at any level and repeat levels at the teacher's discretion.

The Technique Tournament seeks to foster sequenced technical development in piano students. Each Technique Tournament level lists a set of keys with specific requirements for performance of scales and arpeggios.

SCALES: The student will play three scales. Two scales should be selected from those marked "Choice". One scale will be drawn at random from the list of scales for the level. All scales will be played with the metronome at the speed specified or faster. (Metronome is not required for the Preparatory A & B.) Unless noted otherwise, all scales will be played ascending and descending, hands together, parallel motion. Judges will allow two tries if the student requests them and will also permit several preliminary ticks of the metronome.

ARPEGGIOS: Matching arpeggios are played for each of the three scales with the requirements as indicated.

ETUDES: One is to be chosen. Memorization is not required. Metronome is required for Levels I and above. Teachers should use the metronome marking indicated in the music or choose a similar speed which is challenging, but comfortable, for the student. Fingering should be observed, but alterations marked in the music will be accepted. The selection should be played musically and ritardandos may be observed. Selection must be at least 16 measures in length. Prep level students may choose shorter pieces if needed.

SCORES: Students must play from a published score or a license download of the music. Measures numbers must be printed or handwritten.

AWARDS: Students will receive written comments, a certificate of proficiency if all requirements are met, and a special award if the performance receives a Superior rating.

FEES AND DEADLINES:

- Deadline for fees, Teacher Entry Form and Student Application Forms is **Saturday, October 29, 2022.**

Prep A & B	Metronome Optional	
Level I	 =72	Optional
Level II	 = 80	 = 60
Level III	 = 80 or  = 60	 = 60  = 46
Level IV	 = 80	 = 60
Challenge	 = 60	 = 44

ETUDES: Metronome is required for Levels I and above. Teachers should use the metronome marking indicated in the music or choose a similar speed which is challenging, but comfortable, for the student.

OPTIONAL FEATURE: SCALES IN RHYTHMIC VARIATION

In addition to the other awards, a special ribbon will be given to students who satisfactorily complete the Rhythmic Variation phase of the Tournament. To participate, the student should prepare two additional choice scales, using all the same rules specified for the level. This includes selection of scales, number of octaves, metronome speed, and standard fingering. At the Tournament cards picturing the rhythmic figures for the level chosen (one beat per card) will be drawn to determine the sequence in which the figures will be played. The student will be allowed and encouraged to watch the cards while executing these scales.

To prepare for this event, the student should make such cards at home, and practice the scales chosen in every possible combination of the units in the chosen level. (No figure will be used twice, no figure will be omitted, and no change will be made in the sequence once it has been established by the draw.)

PLEASE INDICATE THE INCLUSION OF THIS PHASE ON THE BOTTOM OF THE APPLICATION FORM. The applicant will play for the same judge immediately after completing the other Tournament requirements
